All specifications in this catalog are the figures published on www.swtoolstorage.com product pages. Fields that are not published are left out rather than estimated. Each product lists its web page for the latest details.

OEM / ODM PROGRAMS

From inquiry to shipment

01
Requirement Brief

Collect target market, dimensions, lock preference, power module requirement, and expected order plan.

02
Technical Proposal

Provide product route, customization options, and preliminary quotation aligned with your program target.

03
Sample Validation

Confirm structure, finish, caster system, lock details, and branding effect before volume commitment.

04
Pilot Run

Execute small batch trial to verify process capability, assembly quality, and packaging reliability.

05
Mass Production

Run planned batches with production checkpoints and lot traceability for each order.

06
Delivery Support

Coordinate shipment files, loading plan, and post-delivery feedback for repeat purchase cycles.

What you can configure

Exterior finish	Standard palettes, custom RGB, texture and gloss selection.
Drawer layout	Mixed-width columns and top compartment ratio, based on existing platforms.
Lock system	Recessed standard lock or smart lock with keypad and fingerprint.
Brand placement	Right-side badge area, logo plate, carton marking, and instruction artwork.
Integrated power module	Upper side-mounted PDU + USB with US, UK, EU, AU plug standards.
Mobility system	Caster material, brake type, wheel size, and load matching.

MOQ, lead time & delivery

MOQ	One 20GP container — mixed models allowed
Trial orders	Small trial orders accepted
Stock	Many models in stock; single units can be purchased
Samples	Charged; about 10 days
Mass production	About 30 days
On-time delivery	98.7%
Warranty	2 years
DDP door-to-door	USA, Canada, Europe, Australia & New Zealand, South America

Private Label OEM

Launch on verified structures under your brand with tailored color, logo, lock package and carton specification.

Full ODM Development

Co-develop new cabinets from concept to pilot: structure, locking, caster setup, electrical module integration and durability testing.

Contract Manufacturing

Stable production scheduling, batch consistency control and shipment coordination for running SKUs.

01

Tool Cabinets & Tool Chests

Rolling tool cabinets, top chests and bottom cabinets — economy, heavy duty and industrial series.

40 models

MODEL LZ001

LZ001 Professional Rolling Tool Cabinet

- T1.0/1.5 High-quality cold-rolled steel with electrostatic powder coating
- 5*2" Swivel casters (2 with brakes) - 350KG total capacity
- 100lb Ball bearing self-locking slides
- Special aluminum corner armor and panel trim
- 3.0mm Black EVA drawer mats included

Product Size	(685+95)*480*980 mm
Packing Size	740*535*885 mm
NW/GW	85 / 100 KGS
Total Capacity	350KG
Material	Cold-rolled Steel (Red/Blue/Black)
Lock	Flat Lock
Handle	Stylish Base Panel
